

## " Empowering Local Governments: Deployment of Gov-Tech in Public Administration"

### AGENDA

<b>DATE</b>	<b>19 December 2023, 12:00 – 13:30</b>
<b>OVERALL OBJECTIVE</b>	GovTech can only be successful in an innovation-friendly framework that sensitises actors to the challenges of public administration! But what is it all above - from AI too reusable portfolio. Can we learn from best practices in Europe? GovTech is a whole-of-government approach to public sector modernization that promotes simple, efficient, and transparent government, with citizens at the center of reforms --> is this still true?
<b>PLACE</b>	Online Teams meeting
<b>PRESENTER</b>	Christian Rupp, International Digitalization and Smart City Expert
<b>PARTICIPANTS</b>	NALAS Digitalization Working Group Representatives from Cities in WB6 and SEE; NALAS member Associations' Representatives; Representative from KDZ;
<b>MODERATORS</b>	Jana Belcheva Andreevska, NALAS Digitalization and Smart city Officer Verena Weixlbraun, Public Management and Governance Consultant, KDZ
